Again,

Sorry about the personal email thing  
But I cannot find the results of the pump testing anywhere on the website

Could you please have someone direct me to the file?  
I believe this is the MOST important document of all

Thank you again for your response

Mr. Hanson, please refer to the Current Projects section of the town's website for documents filed with the ZBA in connection with the Shinglemill project. Also, for future reference, please do not use personal email addresses. You can email me directly or email [Zoning@rockland-ma.gov](mailto:Zoning@rockland-ma.gov). Thank you. Debra

Good afternoon,

I see the next Shingle Mill agenda is up on the website

There are many issues still

But with only a little more than 2 weeks left

Are there any results from the pump testing

And if not when is the scheduled date to arrange for those tests

So they are available for the public to see or the correct departments to post for the public to see

Thank you

Jim Hanson
