

To whom it may concern:

I wanted to take a moment to express my gratitude to Marcus for always being so helpful. He goes above and beyond to lend a hand around the neighborhood and we're grateful for that.

Since moving in, the Martins have made a positive impact on the neighborhood and we're fortunate I to have them as our neighbor.

The only noise I hear from the Martins family is the laughter of children swimming in their pool and that's a welcome sound.

we have no problem with Marcus parking his work truck on his property

With Kind regards,

Ann and Steve Carroll
