CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

as much as i would prefer that there be no business at the above address which is in the middle of a residential zone, the fact is that the proposed business is up and running. however, marcus has done his best to keep stored materials from public view. also i have spoken at length with marcus and he has assured me that he will continue to do his best to keep disruption to the neighborhood to a minimum. therefore i have no objection to this proposal.

thank you,
