Dear Chairman Rosa,

Please find accompanying this letter an "Updated Interim" As-Built plan for the above referenced project.

After reviewing the plan and the current site conditions; Bracken Engineering, Inc, hereby certifies that the project will be constructed in conformance with the approved plan upon addressing the outstanding items below, and that any changes from said plan have previously been approved by the Rockland Planning Board.

The following items need to be addressed prior to certifying full compliance with the approved plans:

1. Mowing of the wet swale in front of the site between road and wall needs to be stopped in order to confirm the required wetland seed mix has been installed;
2. Mowing operations behind the building need to be stopped in order to confirm the proposed conservation seed mix has been installed, and;
3. Plantings need to be verified by a Botanist.

Should you have any questions regarding this project or require any further information please contact the undersigned at either 508-833-0070 or [zac@brackeneng.com](mailto:zac@brackeneng.com).

Sincerely,
